Request for Proposals Project Manager: Environmental Scan of Parenting Supports in Dufferin

Dufferin Parent Support Network provides education and recommends resources to parents of school-aged children in Dufferin, through family education, skill building, community events and strategic partnerships. DPSN works collaboratively with other service providers to offer a continuum of services to Dufferin parents of children and youth (0 – 24)

Purpose of Environmental Scan of Parenting Supports in Dufferin:

- To conduct an environmental scan of the demand for and supply of parenting education and resources in Dufferin, and
- To work with service providers to recommend a collaborative and sustainable model of program delivery for the future.

For full Request for Proposals, go to: www.dpsn.ca (In the News)

The successful candidate will have:

- Experience in community-based project management
- Experience in gathering and analyzing quantitative and qualitative data
- Experience in conducting surveys and focus groups
- Awareness of collaborative models of service delivery
- Knowledge of the Dufferin community and its network of parenting resources is an asset
- Ability to work independently, meet deadlines
- Flexibility in work schedule
- Effective communication and networking skills
- Superior computer skills
- Access to a vehicle

Proposals should be forwarded to:
