7:00 pm to 9:00 pm • Price: \$10.00 / Person

Location: 655 Riddell Rd, Orangeville, ON (DCAFS)

This is a scent free environment

Michael Reist

What is bullying?

At its core, bullying is about human relationships. How can we relate to each other in ways that are not about power and control?

This workshop looks at the nature and causes of bullying. We look at the psychology of bullies and bullied kids and give practical strategies for responding to the problem.

We live in a bullying culture where “might makes right.” What can parents, teachers, coaches and kids do to counter this attitude?
