Special Presentation

Drop the Worry Ball

Parenting in the Age of Entitlement

featuring Dr. Alex Russell

Want your children to be more resilient and independent?

Let them make mistakes and learn from them. Children learn through the experience of non-catastrophic, painful failure, and it is through the process of these failures that they mature into resilient, resourceful, and emotionally balanced individuals.

Learn to:

- Stop doing all the worrying—and let your kids do some
- Embrace failing (team tryouts, tests) as part of learning, and not something parents have done wrong
- Resist social pressures to over-parent
- Build relationships with teachers and other outside authorities
- Understand parent-child dynamics—and how children learn to get parents to do too much for them
